Good Afternoon,

I write on behalf of our client, Popkum First Nation, in response to correspondence from the Canada Energy Regulator ("CER") dated August 6, 2024, regarding Phase 2 of the review of the Onshore Pipeline Regulations, and the Environmental and Socio-Economic Assessment and Lands portion of the CER's Filing Manuals.

Popkum First Nation reviewed the information provided and has determined that it does not have concerns regarding the Onshore Pipeline Regulations and the CER's Filing Manuals

However, should the CER contemplate further updates that are not described in the information provided in your referral package, Popkum First Nation expects to be promptly notified and meaningfully engaged regarding any potential adverse impacts on the Nation's constitutionally protected rights and interests.

Thanks,

First Peoples Law LLP
